

COMMERCIAL APPLE CROP IS TOTAL LOSS

Investigation Shows Damage From Frost Greater Than Expected.

[Special to The Times-Dispatch.] NEW CANTON, VA., May 30.—After the lapse of five weeks since the severe frosts of April, it has been ascertained, after careful examination of many orchards in this section, that the damage done to all kinds of fruit exceeded the first calculations. Commercially, the apple crop is practically a total loss. Locally, the delicious apples seem to have escaped with the least damage, while Winesaps suffered a heavy loss. The Bostwick orchards at Gold Hill suffered less than any orchard in this section, owing to its high location. The crop there will possibly exceed 30 per cent. The orchards of A. L. Pitts, at Arvonia, and of Plummer F. Jones, in New Canton, contain about 10 per cent of a crop.

A traveler who has just been all through the Valley and the Piedmont from Afton east states that the apple crop west of the Blue Ridge, from his personal observation, is a total loss. The orchardists will have to buy fruit for home use. East of the Blue Ridge there is about enough for family use, but nothing of a commercial crop.

HYDROPLANE ENGAGES IN RACE WITH DEATH

Carries Doctor From Norfolk to Carolina Coast Guard Station.

NORFOLK, VA., May 30.—For the second time within a month, a naval hydroplane is making a race against death down the North Carolina coast, where doctors are few and ordinary means of transportation ineffective.

The plane, an F-5-L, piloted by Lieutenant Cromwell and bearing Surgeon Fred N. Engle, took off at the Hampton Roads Naval Air Station about 8 o'clock this morning, in answer to urgent requests for medical assistance for the wife of Surgeon W. N. Willis, of the Chicomico Coast Guard Station, who is seriously ill.

The message was received by Captain D. F. A. deOtte, Coast Guard district supervisor, who communicated at once with the naval authorities. The nearest doctor to Chicomico lives twenty miles from the station, and while he had agreed to handle the case, advised by telephone last night that he was unable to make his way over the roads, which have been rendered impassable by recent rains.

It was not known at the Naval Air Station this morning whether the patient would be brought here or whether the case would be handled at Chicomico.

GOING! MOTHERS BOND OF CHICKENS

commanding officer of the local battalion of the National Guard Infantry, the column moved promptly at 9:30 o'clock from the intersection of Church and Wood Streets.

The line of march was down Church to Main to Granby to Twelfth and then to the cemetery, where the brief memorial services were held. Judge D. Lawrence Groner, of the United States District Court, was the speaker, while the religious portion of the service was conducted by Rev. W. E. Callender, port chaplain under the United States Public Health Service.

Gray, bent veterans of '61, portly veterans of '98, and slim, youthful veterans of 1917-1918, joined in the Decoration Day program, which included a gigantic parade through the streets of the city and an impressive memorial service at Elmwood Cemetery.

How did he ever get in there?

Two salesmen were discussing a third salesman who had secured a desirable order from an official known to be almost unapproachable.

"How did he ever get in?" one wondered. "I have been calling there for years and never got past his secretary." The answer was "By direct-mail advertising."

Long before the "lucky" salesman wrote for an appointment, his house organ and an occasional folder had been going straight into the hands of the man he wanted to see.

One by one these mailing pieces built up the impression that the firm they came from was an able, earnest firm, that knew its business and was in a position to render real service.

At last, when the salesman called, he was received almost as an old acquaintance.
